

# Audiology Unplugged:

Conversations with Audiologists You Want to Meet

**AudiologyNOW! 2011**

On behalf of the Student Development Committee for AudiologyNOW! 2011, I would like to formally invite you to participate in an annual student event.

**Audiology Unplugged** allows you, the future of our profession, to meet with luminaries from the field of audiology. This event gives you the unique chance to ask “the question you’ve always wanted to ask” to professionals that have positively impacted audiology. Light refreshments will be provided for all participants in this annual networking event.

We hope that you will join us for this wonderful event at AudiologyNOW! 2011 in Chicago.
